EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Seth M. Nehrbass on 10 September 2007.

The application has been amended as follows: each of claims 36, 73 and 74 have been amended by changing the phrase "composition comprising", in line 1 of each claim, to the phrase --- composition consisting essentially of ---. This amendment was made to further define the claimed invention insofar as no supporting or reinforcing elements are needed for the claimed railroad ties to function effectively.

2. The following is an examiner's statement of reasons for allowance: the closest prior art as cited requires supporting or reinforcing elements in order for the thermoplastic railroad ties to be effective. The claimed thermoplastic railroad ties do not contain such elements and are, therefore, neither taught nor rendered prima facie obvious by the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
